

Upper Midwest Environmental Sciences Center, La Crosse, Wisconsin

Career Opportunities for Students

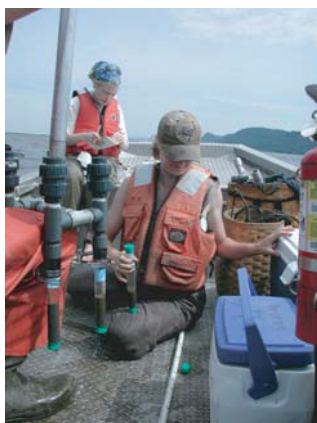

The U.S. Geological Survey

The U.S. Geological Survey (USGS) offers diverse employment opportunities for students in biology, hydrology, computer science, cartography, geology, administration, and many other fields.

To learn about job opportunities for students within the USGS, check the Web site: www.usgs.gov/ohr/oars/index.html

For questions, contact—
Linda Ott, 608.781.6264
lott@usgs.gov

To apply for jobs with the USGS, use the USA Jobs Website: usa.jobs.gov

The Upper Midwest Environmental Sciences Center

Volunteering

What a great way to build up your resume and learn new skills! We have many opportunities to volunteer at UMESC. For information about volunteering, contact—

Randy Hines
608.781.6398
rkhines@usgs.gov

JC Nelson (GIS lab)
608.781.6370
jcnelson@usgs.gov

Shirley Yuan (Water Quality lab)
608.781.6302
xyuan@usgs.gov

College Students

Our Center has programs for both undergraduate and graduate students including paid hourly employment, internships, and research assistantships.

For more information for students from UW-L or WTC, contact the following:
